

LED GLS

WOJ+14419

Smart light bulb, LED source GLS with the possibility of changes to the colour temperature of light (CCT), with the possibility of dimming (DIMM) and remote commissioning and control via app on your mobile device. It is an LED source, a light bulb with E-27 base and with the shape of a traditional light bulb. It is characterised by a high light efficacy 112 lm/W. It is even more energy-efficient thanks to the use of durable COG filaments, which consume very little electricity
